PET CARDIO CLINIC IN HUNT VALLEY, MD

WHERE: CVCA Cardiac Care for Pets
10626 York Road, Cockeysville, MD 21030

WHEN: Saturday, October 17, 2026 | Starting at 8:00 am | 20 Dogs Min - 50 Dogs Max

COST: \$325 + \$7.00 Processing Fee

Please join us in thanking Matt Boothe, DVM, and Dr. Julia Shih, DVM, of CVCA-Hunt Valley for their time and effort in providing this important cardiac clinic for early detection of Dilated Cardiomyopathy (DCM). The clinic is coordinated by DAR&E, so please direct any questions to the contact person at the email listed on the Registration Form.

DCM is one of the most common acquired heart diseases in dogs, especially in breeds with large chest cavities. Large and giant breeds are most affected, but it also occurs in smaller breed dogs and cats. DCM is a slowly progressive disease; however, in animals with early detection, medical therapy can help prolong survival and provide a better quality of life for several more years.

Because of CVCA's support and cooperation, we can offer this Cardiac Clinic at a significantly reduced cost. This is a savings of 50 to 75%, as the cost of this Echo exam is typically over \$700. We have a Limit of 50 spots available. However, we must have a MINIMUM of 20 exams scheduled, or the clinic will be CANCELLED!

A portion of the proceeds from this clinic will also assist neglected, abused, and abandoned Doberman Pinschers. DAR&E (Doberman Assistance, Rescue and Education) is a non-profit, all-volunteer organization operating in DC, Maryland, Virginia & parts of WV.

This is a SCREENING CLINIC ONLY. It is not intended for pre-operative cardiac evaluations, and pets with known heart conditions should see their regular veterinary cardiologist. OFA forms are accepted for an additional \$25.00 fee (please bring your completed form). The clinic is open to **All AT-RISK Dog Breeds**, and dogs that have been fed a grain-free diet and wish to be screened for Nutritional DCM. Please help spread the word by sharing this clinic with fellow pet owners!

Dogs can have food and water as usual. Anxious dogs that typically get a sedative to go to the vet can take these at their regular doses.

**THIS IS A SCREENING CLINIC ONLY – DOGS WITH KNOWN PROBLEMS
SHOULD BE SEEN BY APPOINTMENT BY THEIR REGULAR CARDIOLOGIST**
